

Pink Reading scheme

Command Cards

Phrases Cards

Student can be invited to use these command cards and Phrases cards. A number of cards with action verbs are set facing down. An adult select a random card and performs it for the children to guess. Once the action is guessed, the card can be read together. Again, CVC action words are used for this work.

In Phrases Activity student's lay the pictures on the left side, and select a phrase from a pile of cards in front of them. Phrases are shorter than sentences. It is a good way to progress and build confidence in reading.
